MEMORANDUM FOR THE RECORD

SUBJECT: NASA Authorization Act

1. On 30 October 1986, I received a message from Connie Bowers of the Office of Management and Budget soliciting our comments regarding the above-captioned matter.

2. I informed her that we are deferring to other agencies on this matter. I then stated that, because we have been asked, we do not support the Act, but will not recommend that it be vetoed. She then told me that [redacted] of General Heinz' office had told her earlier on this date that we had quite serious concerns. Specifically, he viewed the National Space Council as not being limited to civilian matters, contrary to the Agency's interpretation. She then asked that we get her something in writing stating our views. I told her I would see if this were possible.
